I forward herewith a*copy of letter Roc.No.923/50, dated 20-4-1950 from the District Medical Officer,South Kanara for the information of Government.

In the circumstances the proposal of the Mangalore Municipal Council for the payment of enhanced remuneration of Rs.5/- per day to the part time Registered Medical Practitioner may be sanctioned for the first six months. If the heavy work continues, the enhanced rate may be sanctioned for another period of six months.

The Government endorsement is returned herewith.

Yours faithfully,

for Surgeon-General with the Govt.of Madras.

*Copy of letter.

I have visited the I.D. Hospital and I am satisfied that the work there now is fairly heavy due to the large number of smallpox cases. The Medical Officer has to spend much of his time t ere and has to pay two visits. Hence I recommend that he may be paid ~~xx~~ at the rate of Rs.5/- per day during the Epidemic period.

Sub: Estt:- Medical - Mangalore Municipality - G.D. Hospital - Payment of enhanced remuneration to the Regd. medl. practitioner for his visits.

In G.O. 38 PH d. 6/1/43, the Govt. sanctioned the proposal of the Mangalore municipal council to employ a part time Regd. medl. practitioner for attending to cases in the G.D. hospital and to pay him a remuneration not exceeding Rs 2/ per day. This part time officer has been doing duty since then. Now the Mangalore ml. cl. has proposed that the part time medl. officer, one Dr. P. Subba Rao L.M.P., should be asked to pay two visits per day to the G.D. sheds and that he should be paid at the rate of Rs 5/- per day from 1-1-50. The S.G. has recommended the proposal for a period of six months in the first instance and to extend for another six months if necessary.

It is submitted that the proposal sounds very unreasonable in as much as the Medl. officer who is a part time servant will be getting Rs 150/- p.m. if he attends to G.D sheds every day at his as he will, whereas, if a full time Sub. Asst. Surgeon is employed for the purpose on a regular or temporary basis, he will be eligible to draw only Rs 80/- in the Scale of Rs 80-5-150. plus the D.A. admissible to him. It therefore appears that a part time medl. officer under the municipality can at best be paid only less than a full time officer. However it will be seen that the Council passed

the resolution on 25/2/50 to give an enhanced remuneration from 1-1-50. It does not appear that the medl officer could be paid an enhanced remuneration from a date prior to the date of Council's resolution. It is not known whether the officer was asked to attend to the S.D. sheds, twice a day by any competent authority and it is also not known whether the medl officer was given to understand that an enhanced remuneration would be given for his visits to the S.D. ~~hospital~~ sheds twice a day. This may be ascertained from the Commr. Mangalore Mly.

p11cf From the D.P.H. no 5.4658-1 EP1/50 d 21/7/50

The Commissioner, Mangalore Municipality
p11cf states that the services of a Medl. practitioner are required for the G.D. hospital only when small-pox and chicken pox cases are admitted and that there is no sufficient work for a full time Medical officer.

In the circumstances stated in the note on p1-2 ante it does not appear that there is any case for enhancing the remuneration of Rs.2/- per day now paid to the private medl. practitioner. [but it may perhaps be enhanced to Rs 2/8/0 per day with effect from the date of order and there is no case to give him Rs 5/ a day with retrospective effect. Perhaps it is not quite necessary to consult the D.P.H. in the matter. For orders regarding the remuneration to be paid to the medl. practitioner

D.A. may see. W.O.

8/9/50.
10/8/50.

From the Commr's letter on p11 cf. it would appear that the medl. practitioner attends the G.G. hospital only off and on whenever required and not on all days and the remuneration is also on a daily basis. If that is so the remuneration for a month may not go to make up a total of Rs 80/- mentioned on p1 ante. During epidemic period, it may go beyond Rs 80/- in a month if anything more than Rs 2.8.0 is fixed per day. But as the remuneration has to be paid only for periods when there are cases admitted, the daily remuneration may be at least Rs 3/- or even

R4/- However, before this is done, he Commr. may definitely be asked to say whether the practitioner is paid only for the days he attends the T. D. Hospital or for the whole month, even if he does not attend on all the 30 or 31 days in the month, though on the basis of a daily remuneration). Pl draft as 'A' above
